Trump and North Korea's Kim in Singapore for historic Tuesday summit

June 10, 2018 -- *Reuters* reports: “U.S. President Donald Trump arrived in Singapore on Sunday for a historic summit with North Korean leader Kim Jong Un that could lay the groundwork for ending a nuclear stand-off between the old foes and the transformation of the isolated Asian nation.

Trump flew into Singapore's Paya Lebar Air Base aboard Air Force One, looking to strike a deal that will lead to the denuclearization of one of America's bitterest foes. He came from a divisive G7 meeting in Canada with some of Washington's closest allies that further strained global trade ties...

Kim arrived at Singapore's Changi Airport after his longest trip overseas as head of state, wearing his trademark dark 'Mao suit' and distinctive high-cut hairstyle. He has not left his country since taking office in 2011 other than to visit China and the South Korean side of the border Demilitarized Zone...”

(In 1972 President Richard M. Nixon became the first U.S. President to visit the People's Republic of China ending twenty-five years of no communication or diplomatic ties with China since the communists

took over in 1949. President Nixon called his visit ‘the week that changed the world’ and it has been consistently ranked by historians and others as one of the most important, if not the most important visit by a U.S. President anywhere in the world. Was this summit in Singapore President Trump's ‘Nixon to China’ moment? Only time will tell. North Korea has consistently broken promises to denuclearize since December 1985. See the next three reports.)

Trump: Kim agreed to complete de-nuclearization

June 12, 2018 -- *Israel National News* reports: “President Donald Trump addressed reporters Tuesday at a press conference following his historic meeting with North Korean dictator Kim Jong Un at the Capella Hotel in Sentosa, Singapore.

Following the 45-minute meeting, Trump and Kim sat down for a signing ceremony, putting their signatures to a document both sides described as ‘historic’, without revealing any details. Shortly after the signing, President Trump promised to reveal the nature of the agreement at today's press conference.

At the conference, Trump touted the

signing of the agreement, saying it was the result of three months of negotiations between the U.S. and North Korea, as well as 24 ‘tremendous’ hours of work between the U.S. and North Korean delegations since their arrival in Singapore for Tuesday's summit...”

Kim says committed to denuclearization of Korean peninsula

June 1, 2018 -- *SpaceDaily.com* reports: “North Korean leader Kim Jong Un told Russian Foreign Minister Sergei Lavrov he was committed to denuclearization of the Korean peninsula, the official *KCNA* news agency reported Friday.

‘Kim Jong Un said that the DPRK's will for denuclearization of the Korean peninsula still remains unchanged and consistent and fixed,’ *KCNA* reported after their meeting in Pyongyang on Thursday.

Kim hoped U.S.-North Korean relations and denuclearization of the peninsula ‘will be solved on a stage-by-stage basis’ and ‘he hoped that the solution of the issues will progress through effective and constructive dialogue and negotiation,’ the report by the North Korean news agency said.

Lavrov's visit came as U.S. Secretary of State Mike Pompeo and a top

North Korean official held talks on planning a historic summit between Kim and President Donald Trump in Singapore...”

Pyongyang may soon return U.S. soldier remains

June 20, 2018 -- *SpaceDaily.com* reports: “North Korea may soon return a first out of 200 sets of remains of American soldiers who died during the Korean War, after an agreement reached last week by Kim Jong Un and Donald Trump, a U.S. official said Tuesday.

‘Preparations continue’ to receive the remains, the U.S. official told *AFP* on condition of anonymity. ‘It could happen in the next few days.’

The U.S. and North Korean leaders agreed to the repatriations during their historic June 12 summit in Singapore...”

China Dramatically Increases Nuclear Weapons Testing Under Xi Jinping

May 30, 2018 -- *Breitbart.com* reports: “A report from the *South China Morning Post* on Monday contends that China is dramatically accelerating its nuclear weapons research, conducting about four times more simulated nuclear explosions in laboratory experiments as the United States between 2012 and 2017.

The tests do not actually involve nuclear detonations. Instead, they use ‘high-powered gas guns that fire projectiles at weapons-grade materials in laboratories.’ The resulting controlled explosions produce a small burst of heat and pressure comparable to a nuclear blast, without the accompanying radiation.

Modern sensory equipment and modeling computers can derive a tremendous amount of useful data for nuclear weapons research from the experiments, particularly when it comes to developing tactical ‘micro-nukes’ that could be used for specific battlefield tasks such as destroying hardened bunkers.

According to the Lawrence Livermore National Laboratory, China conducted more of these tests in the past three years than the United States did in the previous fifteen. Much of the Chinese testing was conducted beneath the Mianyang Mountains in southwestern Sichuan province.

Analysts quoted by the *South China Morning Post* worried that a new nuclear arms race is already underway. China appears to be rapidly making up for lost time with its sophisticated experiments while the U.S. considers a \$1.2 trillion plan to modernize its nuclear arsenal and Russia belligerently announces one advanced weapons program after another...” **(Even if North Korea gives up its nuclear weapons, there are enough remaining in the world to create havoc. Nuclear war is part of the battle of the ages – see Revelation 9:18. Other prophesied texts are predicted in Psalm 97:3; Isaiah 66:15; Ezekiel 20:47: “...Thus saith the Lord God; Behold, I will kindle a fire in thee, and it shall devour every green tree in thee, and every dry tree: the flaming flame shall not be quenched...” Study also Zephaniah 1:8; Malachi 4:1; and Revelation 8:7.)**

China in race to overtake the U.S. in AI warfare

May 30, 2018 -- *Asia Times Online* reports: “Earlier this month Chinese supreme leader Xi Jinping met with senior military scientists as chairman of the all-powerful Central Military Commission.

During the meeting, the Chinese leader was photographed at the PLA Academy of Military Sciences shaking hands with Major General Li Deyi, a leading authority on artificial intelligence, or AI, and a key figure in the Chinese military’s effort to overtake the United States in the emerging field of advanced weapons.

The meeting between Xi and the military experts garnered little public attention.

But within U.S. intelligence agencies closely monitoring rival China, the attention given by Xi to Li was the latest sign of the growing importance Beijing places on rapidly building autonomous weapons – robotic arms capable of thinking and acting at the speed of light.

The Chinese military quest for integrating AI into its tanks, naval forces and aircraft is the part of China’s asymmetric or ‘assassin’s mace’ warfare strategy – building high-technology arms that will enable China’s weaker forces to defeat the more powerful military of the United States in any future conflict...” **(“But thou, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased” – Daniel 12:4.)**

CREEPING SHARIAH

Inside Britain’s Sharia Courts: Battered Wives Plead with Clerics to Dissolve Abusive Marriages for Cash

June 3, 2018 -- *Breitbart.com* reports: “A journalist has been allowed a rare

glimpse into the workings of Britain’s secretive Sharia Courts, which can preside over business, marriage, and financial disputes in the Muslim community under the Arbitration Act of 1996.

‘What strikes you first is the squalid nature of the women’s stories. Their husbands have beaten and abused them, they claim; lied and cheated, cavorted with prostitutes, become addicted to drugs. One weeping wife even accuses

her spouse of molesting her infant child,’ reports David Jones in an article for the *Daily Mail*.

Jones describes how, ‘after much negotiation’, he was able to persuade a Sharia council in Birmingham to let him observe it in action as a ‘procession of downtrodden women’ came to plead for the dissolution of their Islamic marriages ‘in a windowless chamber in the city’s huge Central Mosque’ — in exchange for a £300 fee.

Just how many courts of this kind are operating in Britain is unknown, with Reading University estimating around 30 and the Civitas think-tank estimating around 85 — but the Government has conceded they pose a danger to Britain’s social cohesion, ‘[keeping] many Muslims isolated, entrenched and with little social stake in wider British citizenship and life.’

Many Muslim women find themselves forced to turn to these courts because their husbands do not supplement their Islamic marriages with civil marriages — which would give wives more rights in the secular courts, and prevent husbands from taking extra spouses without breaking the law on bigamy...” (I have shared this worldwide numerous times, here are 10 reasons why sharia is bad for all societies: 1. Islam commands offensive, aggressive and unjust jihad which is a holy war. 2. Islam orders apostates to be killed. 3. Islam orders death for Muslims and death for non-Muslim critics of Muhammad and the Quran, and even Sharia itself. 4. Islam orders unmarried fornicators to be whipped, put to death, and adulterers to be stoned. 5. Islam commands all homosexuals to be executed. 6. Islam commands that highway robbers should be crucified or mutilated. 7. Islam commands that a male and female thief must have a hand cut off. 8. Islam allows an injured plaintiff to exact legal revenge, physical eye for physical eye. 9. Islam allows husbands to beat their wives. 10. Islam commands that drinkers and gamblers be beaten. Sharia law ultimately degrades societies and diminishes freedom.)

Al Quds Day? Quds Day symbol of Islamic World coherence against Israel

June 7, 2018 -- The *Islamic Republic News Agency* reports: “Iran’s Secretary of the Supreme National Security Council Ali Shamhani described Quds Day as symbol of Islamic World coherence against the Zionist regime of Israel...

‘It is the symbol of coherence and dynamics of the Islamic World to defend Palestinians’ aspirations and resistance against cruelty, aggression and expansionism of the Zionist regime and its allies,’ he said.

‘The Axis of Resistance continuous victories in Syria increased self-esteem and impetus in the Islamic countries against Zionists’ expansionism,’ he said, referring to Iran support of Palestine cause as a principled act...” (On August 7, 1979 Ayatollah Ruhollah Khomeini declared the last Friday of the month of Ramadan as Quds Day. He stated: *“In the name of Allah the All-Compassionate, the Most Merciful For many years, I have been notifying the Muslims of the danger posed by the usurper Israel which today has intensified its savage attacks against the Palestinian brothers and sisters, and which, in the south of Lebanon in particular, is continually bombing Palestinian homes in the hope of crushing the Palestinian struggle.*

I ask all the Muslims of the world and the Muslim governments to join together to sever the hand of this usurper and its supporters. I call on all the Muslims of the world to select as al-Quds Day the last Friday in the holy month of Ramadan — which is itself a determining period and can also be the determiner of the Palestinian people’s fate — and through a ceremony demonstrating the solidarity of Muslims world-wide, announce their support for the legitimate rights of the Muslim people. I ask God Almighty for the victory of the Muslims over the infidels.”)

Iran minister: Quds Day time to fight a big lie called Israel

June 8, 2018 -- The *Islamic Republic News Agency* reports: “Iran’s minister of culture described the International Quds Day as a day to fight a big lie named Israel.

‘Quds is the symbol of an oppressed nation that has been suffering from homelessness, war, difficulties and pain for seventy decades,’ Minister of Culture and Islamic Culture Abbas Salehi told reporters during the Quds Day rally in Tehran.

The Quds Day is the day of defending truth and confronting a big lie named Israel that has been existing in the region on a false basis, he said.

He also described the day as an opportunity to defend the first Qibla of the Muslims and marking the day mean they have kept it as their priority, the minister said.

Imam Khomeini, the late founder of the Islamic Republic of Iran, on August 7, 1979, designated the last Friday of the holy month of Ramadan as the Quds Day and the day of Islam’s life...” (In Genesis 15:18 God states: *“In the same day the Lord made a covenant with Abram, saying, Unto thy seed have I given this land, from the river of Egypt unto the great river, the river Euphrates.”* And Joshua 1:4, God tells Joshua: *“From the wilderness and this Lebanon even unto the great river, the river Euphrates, all the land of the Hittites, and unto the great sea toward the going down of the sun, shall be your coast.”* Currently Israel possesses just a fraction of the land that God has promised them.)

Abbas Adviser: Jews Have No Claim to Jerusalem

June 11, 2018 -- *Breitbart.com* reports: “Palestinian Authority President Mahmoud Abbas’ senior adviser Mahmoud al-Habbash last week said that President Donald Trump’s declaration of Jerusalem as Israel’s capital is part of a plot to divide the Arab world and that any Jewish connection to the holy city is an imperialist myth and distortion of

history.

Habbash, who is also the PA's supreme Sharia judge, made his comments at a conference jointly organized by the Muslim-Christian Council for the Salvation of Jerusalem and the Holy Places and the Organization for Muslim Cooperation (OIC).

Despite Jews having a historical connection to Jerusalem, Habbash claimed those ties are based on a 'false Jewish or Biblical pretext whose sole purpose is to take over the land.' The Western wall, he continued, has nothing to do with a Jewish temples, and the Jews have no right over its stones.

'This is an imperialist myth that exploited and distorted history and the holy sites in order to advance and justify imperialist projects,' Habbash said in his remarks, which were translated by the *Middle East Media Research Institute (MEMRI)*...' **(930 times God promises Jerusalem forever to the Jews. 'Israel seeks to take over Al-Aqsa'

June 20, 2018 -- Israel National News reports: "A number of Islamic organizations in Jerusalem claimed that the 'occupation police' are trying to gradually impose their hegemony on the administration of the Al-Aqsa Mosque.

In a joint statement issued by the Council of Religious Endowments, the Supreme Islamic Council and the Islamic Endowment Fund, it was stated that after the end of Ramadan, the 'occupation authorities' are seeking to take over the eastern side of the Al-Aqsa Mosque plaza, including the Sha'ar HaRachamim (Golden Gate) area...

The statement emphasized that only

The Second Temple was built in 516 BC and enlarged by Herod the Great in 12 BC. It stood until it was destroyed by the Romans in AD 70. The Dome of the Rock was built in AD 692, and the Al Aqsa Mosque was not built until AD 705. It is obvious who has the rightful claim to the Temple Mount.)**

'If not peacefully then by force... Allah, drive out the Jews'

May 25, 2018 -- Israel National News reports: "A preacher on official Palestinian Authority TV threatened that the Palestinian Arabs or Muslims in general will 'soon' conquer Jerusalem 'by force,' unless it is handed over 'peacefully,'

Palestinian Media Watch reported. The preacher called on Allah to help 'drive out the Jews' from Jerusalem, using the Muslims to do so. The preacher compared this to the way Allah helped drive out the crusaders who 'left it humiliated and disgraced, dragging their tails behind them.' The same preacher asked Allah to

‘Israel can never feel that it is located in a secure place,’ he said, according to the Iranian *Tasnim* news agency.

‘Iran’s uranium enrichment is part of plot to annihilate Israel’

June 6, 2018 -- *Israel National News* reports: “Iran is looking to expand its uranium enrichment program as part of a larger plan to obtain nuclear weapons and destroy Israel, Prime Minister Binyamin Netanyahu said on Tuesday, adding that Israel would prevent Tehran from achieving a nuclear arms capacity. In a video message released Tuesday afternoon, Netanyahu referenced recent threats by Iran’s Supreme Leader Ayatollah Ali Khamenei against Israel.

The Iranian leader also described the Jewish state as a ‘tumor’.

Netanyahu linked Iran’s recent threats with Tehran’s plans, announced on Monday, that it intends to expand its enrichment of uranium.

‘Two days ago, the Supreme Leader of Iran, Ayatollah Khamenei, announced his intentions to annihilate Israel,’ said Netanyahu. ‘Yesterday, he explained how he would do so, with the unrestricted enrichment of uranium in order to build an arsenal of nuclear weapons.’

Crazed Knifeman Yelled ‘Allahu Akbar’ After Attempting to Stab Pedestrians, Throw Man off Bridge

On Wednesday, a shirtless man had attempted to stab several random passersby crossing the pont de Fil, a pedestrian bridge that crosses the Loire river, as well as try to throw a man in his 60s off the bridge before police intervened, French broadcaster *France Bleu* reports.

When police arrived on the scene, following panic from the pedestrians in the area, the man demanded that

It is the aggressive declaration that Allah and Islam are dominant over every other form of government, religion, law or ethic, which is why Islamic jihadists in the midst of killing infidels so often shout it. One primary purpose of shouting is to “strike terror in the hearts of the enemies of Allah.”

Killing is rewarded in Islam. Not only do they receive 72 virgins as righteous and martyred godly men, but what even more shocking is they get to choose 70 relatives and friends to go to heaven. ‘Euthanasia Practised by Nursing Staff’ at Opioid Scandal Hospital, Whistleblower Told Police

June 22, 2018 -- *Breitbart.com* reports: “A whistleblower nurse told police that ‘euthanasia’ was being practised by medical staff at Gosport War Memorial Hospital, but authorities claimed there was no evidence of an offence.

After the story of the death of 91-year-old Gladys Richards, who died after needlessly being prescribed opioids in 1998, was leaked to the local media, auxiliary nurse Pauline Spilka contacted police with her concerns.

the act — for any medical ‘service’ they morally object to, notably abortion and euthanasia.

The policy stipulates doctors found in violation of the policy will face severe penalties...”
